I originally contacted Harris Roofing based on work done for our neighbors. They were happy with the quality of workmanship, and their roofs were problem free. My contact was Brian Miller. He was very friendly and helpful. I am a DIY kind of person, and Brian was able to answer all of my question knowledgeable answers. Brian (and Harris Roofing) were low pressure and easy to work with. The materials they used (Owens Corning) were top notch quality. Going into the project, I knew I had some bad sheathing that would need to be replaced. The crew replaced the sheathing required, and inspected the remainder of the roof to insure a good job.

The job was done fast. They were professional and clean. They showed up at 7 in the morning, and they were finished at 6 that night. You would have never known that they were there unless you looked up at the roof.

Excellent roofing team. Steve Harris is very experienced and was devoted to my making the best decisions and choices for my particular house, which was idiosyncratic. Evaluated complex situation with expert eye and knowledge of old houses. He saved me a lot of money and came through with a beautiful job, was very careful not to hurt plants and flower beds, finished right on schedule and left the place very neat. Altogether a great experience.

Mr. Harris and his crew did a neat clean professional job, and I have had several comments on how nice things looked in particular the flashing job around the front chimney. I would not recommend anyone but Mr. Harris for any roofing.

Harris Roofing Specialists is an extremely reliable company. Steve Harris was always available to respond to questions and if it wasn't for the unpredictable and unexpected weather the job would have been completed by the original time stated. In the end, all worked out and the roofing work was completed with excellent workmanship, the workers and Mr Harris were always polite, friendly, on time, and the price was very reasonable. I would highly recommend this company to anyone needing a roof.

My roof was done about a week ago. I can not imaging having a better job done. Steve Harris communicates well, his experience provides an excellent result with a great value. Steve answers every question, and follows through honestly in a timely manner. His team replaces the roof with a timely, well managed process, and leaves the home and lawn absolutely as clean and neat as it was before the job, except with the beautiful new roof. The products are all upgrades from my previous roof, enhancements that will extend lifetime of the roof. I feel very fortunate to have had Steve Harris Roofing replace my roof.

I knew from the moment I met Steve that my job was going to be done right. Out of the 5 people that came to give me an estimate, only Steve came with a ladder and went up on the roof to examine it. I think he did the best job by far at a fair price. I highly recommend him

Steve Harris is very professional and I am very pleased with him. From day one, I felt like I wasted time with other people. I should have hired him right off the bat. I had estimates cheaper than him, but I wanted a quality job done. The way he presented himself when he came to do the estimate was very professional.
