I had the pleasure of working with the best salesman, Brian Daughetry, and management of Healing Tubs. I was very pleased with the install of my new walk-in tub and feel secure for the first time while bathing. It is wonderful! Thank you healing tubs.

What a great experience, from start to finish. I was presented with clear options for a step in tub, and never felt any pressure to make a decision. I especially liked the fact that I was able to actually see the product before making a decision. Brian was so incredibly helpful during the whole process, and followed up afterwards to make sure that we were satisfied with our tub's performance. I know there are many options for step in tubs, but you won't regret selecting Healing Tubs and the excellent customer service they provide. Thank you!

My husband and I are so pleased with our Healing Tub and cannot praise their work ethics enough. The sales presentation was so thorough and we especially appreciate the fact that our salesman, Brian, was not of the aggressive, high pressure type. His pleasant, gentle personality was so refreshing compared to your competitors. We immediately felt like he would be trustworthy and a man of his word. He spent a great deal of time answering all our questions. The product installation was seamless, timely and exactly as promised. We love our new tub and all the features. The price was several thousand dollars less, offering excellent quality and newer blue tooth features than your competitors. I am giving Healing Tubs permission to have any new prospective buyers to contact me personally, if necessary.
