They told me when they would be here and they were on time. They finished quickly with all of the things we had done. It was a good job.

The salesman was great and explained the differences between what they had and what they offered. They made some recommendations and we settled on something comfortable. The getntlman that did the work was courteous and efficient. They did a great job, and I think it looks fantastic.

They all were extremely professional. It was a pleasure to do business with them. These folks from the initial meeting all the way to the contact via email, on the phone with Erica in the office all the way down the line, everyone has been absolutely awesome! We love the bathroom. We have had neighbors come in to look! James was outstanding. I do not have enough good things to say! They walked into a little bit of a disaster, we knew it, but they did an outstanding job. We couldn't be happier!

Our expectations for both bathrooms were not met but exceeded. Our design specialist Mary Beth read our wants and needs exactly, The journeyman technician, Mike, was for real. He had a plan and stayed with his schedule. Even mounted our vanity vanity mirrors. It was like he was never here when it came to cleanliness, like magic, prefect job.

My experience with Re-Bath has been positive from beginning to end. We have used Re-Bath twice. I was so impressed with the quality of workmanship, punctuality, and professionalism of their workers during the first project that I called them when we were ready to start a second project. No disappointments!

I became a customer of Re-Bath in 1998 to line an old cast iron bathtub. It looked like a brand new tub and wall surround when they were finished. When I decided to downsize I immediately called Re-Bath to come work their magic again. I am the proud owner of a new walk-in shower that is exactly what I asked for! These guys are the real deal and their work is superior! Call them - you won't be sorry!

★★★★★

We are very pleased with our full master bathroom remodel done by ReBath. The project was completed in an amazingly short time and the results are great! We converted our small shower into a linen closet, turned a garden tub into a large walk-in shower and replaced the flooring, lighting, sinks, vanity and toilet. ReBath employees are very easy to work with and the quality of their workmanship is excellent. It was helpful to visit the ReBath showroom to look at the wide variety of products and ask questions before our in-home consultation.
